

# **FREE** training for Personal Assistants

**Greenwich Association of Disabled People (GAD)** in Partnership with **Bromley Experts by Experience (X by X)** are delighted to launch a new **6 month project** funded by **Skills for Care**.

This is aimed at building the **skills and expertise** of **Personal Assistants** working in the social care field and employed by individual older or disabled people.

**From September** we will be running a series of monthly **training sessions** run by our Disabled People's Organisations covering areas that individual employers have told us are important to them when recruiting and employing Personal Assistants.

Reasonable **replacement support costs** will be considered for individual employers whose personal assistants are taking part in the training.

## **For more information:**

Contact [Nick@xbyxbromley.com](mailto:Nick@xbyxbromley.com)

or call **020 8650 2102**
